## **Panel and Community Discussion**

A diverse panel of current students and alumni of the Lehman College Adult Learning Center will reflect on their unique educational journeys on Tuesday, March 13th, 2018 in the East Dining Room at Lehman College. Their experiences will provide a frame for larger discussions about educational equity, mentoring and social mobility.

This event is one of several being sponsored by the **Lehman College School of Education as a run up to the annual Lehman Lecture** – to be given by John B. King, Jr, President and CEO of The Education Trust - which will be taking place on April 10, 2018.
